GPLMART MEAL PLANNER

The Meal Planner & Grocery Bundle

4 weekly meal plan templates, grocery list generators and budget tracking - eat well without the mental load.

HOW THIS PLANNER WORKS

â€¢ Pick one weekly template - each has 7 days of breakfast, lunch, dinner and snack slots.

â€¢ Shop once per week using the grocery list - organized by store section so you never backtrack.

â€¢ Swap meals freely - the structure matters, not the specific dishes.

â€¢ Track your grocery spend weekly - the budget page shows if you're feeding your family for $50 or $150.

â€¢ Repeat weekly - consistency beats variety for busy households.

Budget targets

â€¢ Feed a family of 4 for ~$75-100/week (budget-friendly)

â€¢ Mid-range: $120-180/week (better ingredients)

â€¢ Premium: $200+/week (organic, specialty)

â€¢ Track actuals - adjust shopping list to match your target
