GPLMART PLANNER BUNDLE

The Minimalist 2026 Planner

Budget, goals, habits and monthly focus - 20 printable pages designed to be used, not admired.

HOW TO USE THIS PLANNER

Print at 100% scale (Actual Size, not Fit to Page) for correct sizing. Single-sided is fine - the design works on any paper.

Start with 'Year at a Glance' and 'Annual Goals'. Pick 3 life areas and one word for the year.

Each monthly page has: the real 2026 calendar, your top 3 priorities, a focus project, a budget box and notes.

Review monthly pages on the last Sunday of each month - 15 minutes, same time, same place.

The habit tracker at the back is your consistency engine: 8 habits, 12 months, one dot per day done.

The 15-minute monthly ritual

1. Check the budget box - what did you actually spend vs plan?
2. Move unfinished priorities forward or kill them.
3. Set next month's top 3 before the month starts.
4. Fill one line in the notes: what worked, what didn't.
