GPLMART PRINTABLE

The Fitness Habit Tracker

Monthly habit grids, weekly reviews, streak tracking and goal setting - the printable system that actually builds habits.

HOW THIS TRACKER WORKS

Pick 6 habits max

Exercise, protein, water, sleep, steps, reading - habits you can do daily, not aspirationally.

Mark X every day you do it

No partial credit. Miss a day? Mark it anyway - the point is awareness, not perfection.

Count streaks weekly

A 7-day streak is worth more than a perfect month. Protect the streak.

Review every Sunday

10 minutes: what worked, what broke, what changes next week.

Monthly reset

End of month: keep habits above 80%, drop or redesign habits below 50%.

Habit design rules

- Habits must take under 2 minutes to start ("put on workout shoes" beats "workout 1 hour")
- Attach new habits to existing ones ("after morning coffee, I stretch 5 min")
- Never miss twice - one missed day is an accident, two is a new habit.

EMERGENCY RESET (BAD WEEK)

1. Shrink every habit to 2 minutes or less.

3. Never miss twice - restart immediately.
4. Track anyway - showing up counts even at 50%.
